SLIDING DOOR TECHNOLOGY 2009
Innovative solutions, high quality details

www.klein-usa.com
KLEIN is a leading company specialized in interior sliding door mechanisms for high end construction and decoration projects. This is the result of maintaining a philosophy of maximum quality, as certified by TÜV ISO 9001:2000, and a constant involvement in Research and Development over the 75 years that the company has been in business.

With high quality European manufacture, KLEIN’s products are exported to over 55 countries worldwide, providing five different divisions: Furniture, Industrial interior Design,
Glass, and External Enclosures.

KLEIN is now reinforcing his position in the North American market through innovative frameless glass and wooden sliding door systems.
